

Coronavirus situation tracker for Kenyan informal settlements

04 June 2020

The information in this report was collected by Muungano wa Wanavijiji from residents of informal settlements in the Counties of Nairobi, Kisumu and Nakuru. We are aiming to collect information and report on it every 2-3 days throughout the crisis.

We welcome use of the data we publish, but please acknowledge that it has been collected by Muungano wa Wanavijiji/SDI Kenya and include a link to muungano.net.

About this report

The data presented in this report captures the situation of the coronavirus pandemic in urban Kenya. It presents the picture on the 2-3 days before the report's date.

Information was collected by Muungano wa Wanavijiji and SDI Kenya from community mobilizers living in informal settlements in the counties listed. Mobilizers were asked to interview 5 people in their village and provide their responses using an online survey. Mobilizers were compensated for the cost of their phone data used.

How to read the data

To get more accurate responses, respondents were only asked to provide information relating to their village*, a smaller unit than the settlement, and the situation in which they are likely to be more familiar. Their responses have been aggregated at settlement level for this report.

If you have questions about this report, please email info@SDIKenya.org. For more about the work of the Muungano Alliance, see www.muungano.org.

^{*} A 'village' is a discrete, smaller neighbourhood within a larger informal settlement.

Contents

Introduction

Situation monitoring

- Testing
- Cases
- Deaths

Prevention and response activities (What is being done?)

- Simple index
- Isolation centres
- Random testing
- Information
- Social behaviour
- Basic needs
- PPE & hygiene

Youth leaders

1. Testing for coronavirus infection

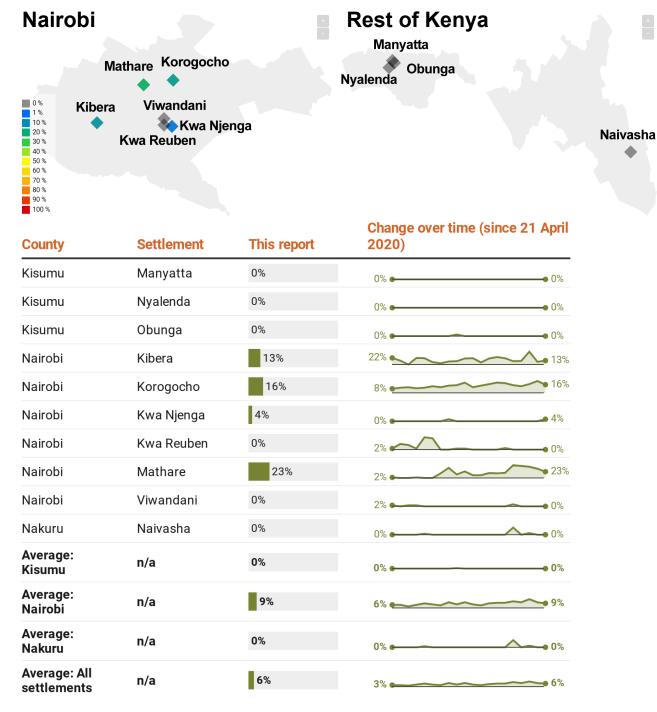

Percentage of reporters/settlement who said there has been testing for coronavirus in their village in the past 2 days*

2. Cases of coronavirus

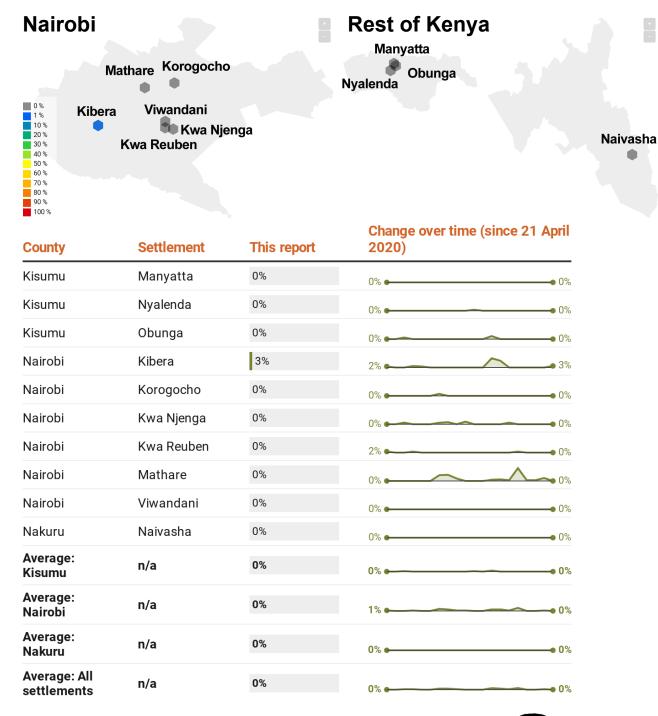

Percentage of reporters/settlement who said there has been cases of coronavirus infection confirmed or suspected in their village in the past 2 days*

3. Covid 19-related deaths

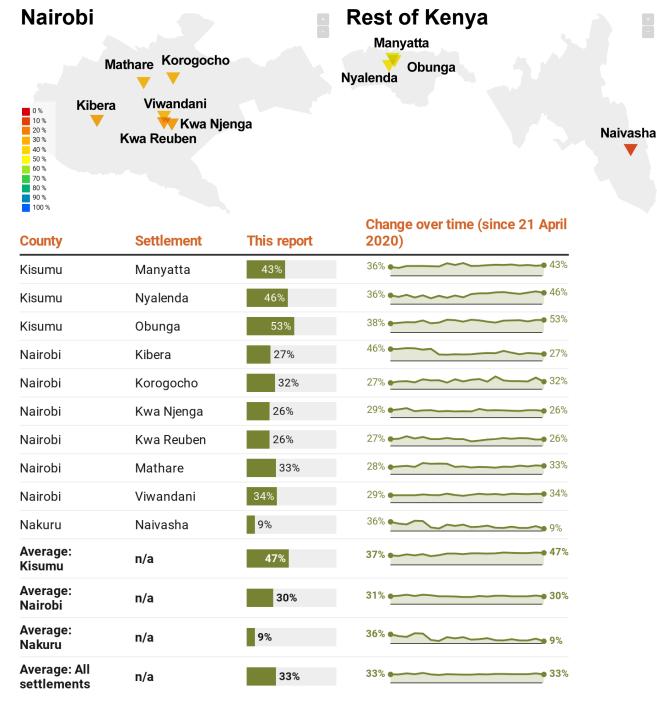

Percentage of reporters/settlement who said there has been deaths related to Covid 19 in their village in the past 2 days*

4. What is being done? Simple index

What has been done in your village in the past 2 days*? (simple combined index of all the prevention and response activities listed here: where 0% = all reporters agree that nothing is being done; 100% = all reporters agree that everything is being done)

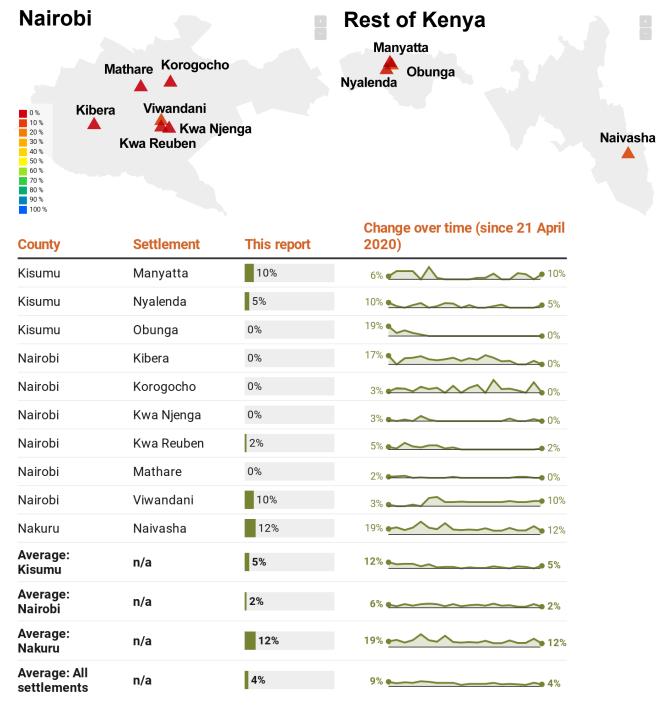

^{*}In April, respondents were asked 'since the pandemic started' ' instead of 'last 2 days' (only applies to changes over time)

5. Isolation centres

Percentage of reporters/settlement who said there were dedicated coronavirus isolation centres or areas operating in their village in the past 2 days*

sdi. kenya.

6. Random testing for coronavirus

Percentage of reporters/settlement who said there had been random testing for coronavirus infection in their village in the past 2 days*

County	Settlement	This report	Change over time (since 21 April 2020)
